North Island Club Captain's Tour 2022  
19 - 23 September 2022

*Four fun filled days of adventurous motoring across the Central North Island countryside, driving the roads our Vintage and Classic autos were designed to handle. This Tour will commence in Tauranga with a Welcome BBQ at our BOP VCC headquarters, followed by days filled with us motoring across the back roads of the BOP and Waikato regions. To round off this Tour we have planned a mysterious final 'Underground Day' before the Farewell Dinner in New Plymouth*

Dear Tourers

It gives me immense pleasure to have the opportunity be able to organise another Club Captains Tour (NICC). It was so disappointing for all involved last year when we had to cancel the Tour due to the tight Covid restrictions that were in place so, in 2022 onward and upward.

The plotting and planning of this event is in full-swing and I am delighted to confirm my co-organiser again for this Tour is none other than Mr Alastair Jones (aka the Highland Fling fella). Not a great deal has changed folks from last year, instead this year your destination will be New Plymouth, in the wonderful "Naki". Alastair has done a fabulous job of plotting the routes you will be driving for the four days and the roads that he has selected will be off the main routes wherever possible allowing us to fully embrace vintage motoring on back country roads. Some roads could test your driving skills, but fear not your mount will not be compromised. There will be a couple of alternative routes available for vehicles with minimal clearance, so we have all our bases are covered and considered for vintage and classic motoring.

From my own personal experience, I have always understood what our members remember about Rallies and Tours is the food, the accommodation, and the motoring. Therefore, we have been very mindful when planning this 2022 Tour to factor in all three with the costs etc involved as across the board everyone is currently feeling the pinch with the rise in the cost of living with the global crisis.

This Tour is all about YOU enjoying motoring, in YOUR vehicle, in the company of like-minded Club Members and to be able to take away many happy memories after the final dinner in New Plymouth, therefore we can ensure you there will be no tricky questions, or high average speeds to maintain.

In the meantime, stay well, stay healthy, and Godspeed over the next few months. The key element about this Tour folks is all about YOU enjoying yourself and we are looking forward to seeing each and every one of you in September.

Best regards

Kaaren Smylie
