

SPEED EVENT REGULATIONS

DEFINITION

A speed event may take several different forms. Circuit or street racing, hill climbs, bent sprints or any event where speeds will exceed the limits imposed by the Transport Act of 1992 and its amendments.

GYMKHANAS, GRASSKHANAS, DRIVING TESTS AND POMEROY TROPHY EVENT

This type of event is not a Speed Event and **does not require** a VCC Speed Event Permit. However, the National Speed Steward can be contacted for help or advice. Refer to **SECTION 20:0** of the Club Manual for guidelines for organisers.

A permit is required for a speed event as defined above. The permit application must include the name of the proposed Event Steward who has agreed to be in attendance and who will be approved by the National Speed Steward when the permit is granted.

If a branch is unsure if a proposed event comes under these regulations, then a decision should be sought from the National Speed Steward.

The following regulations must be complied with completely and no deviation is permitted from them without the written permission, obtained prior to the event, from the VCC National Speed Steward whose address is c/-:

Vintage Car Club of New Zealand
P.O. Box 2546
CHRISTCHURCH 8140

National Speed Steward
Email: speedsteward@vcc.org.nz

An application for a speed event permit as contained in the Club Manual should be forwarded a minimum of one month prior to the event.

The application shall be accompanied by a copy of the proposed entry form, vehicle safety statement along with an Event Safety Plan and any supplementary regulations pertaining to the event. **NOTE: The entry fee must cover the event steward’s travel and accommodation costs (if any).**

The entry form must contain the following text:

MEDICAL DECLARATION

Do you currently or have you ever suffered from any seizures, blackouts or heart conditions, or any other medical issue which may interfere with your ability to safely drive a car in a VCC Speed Event?

YES/NO If you have answered Yes, please give full details below.

.....
.....

If you answered Yes above, a medical certificate to confirm your fitness to safely compete in a VCC Speed Event is required by the National Speed Steward and must accompany this form.

- Knowingly withholding any relevant information in regard to the above question will result in the immediate cancellation of your Historic Racing Licence for a minimum period of six (6) months.
- If, during the validity of your Historic Racing Licence you should suffer from any medical condition as outlined above you must advise the National Speed Steward accordingly, who may suspend your licence and request a medical certificate to confirm your fitness to take part in a VCC Speed Event.

Section 23: January 2024

I AFFIRM THAT THE STATEMENTS MADE BY ME WITH REGARD TO MY MEDICAL HEALTH ARE TRUE AND ACCURATE AND THAT I HAVE READ AND UNDERSTOOD THE VCC SPEED EVENT REGULATIONS, SECTION 23 OF THE VCC CLUB MANUAL.

SIGNATURE OF APPLICANT:

DATED:

Once the National Speed Steward is satisfied that the necessary requirements are met, a permit will be issued. See also Clerk of the Course responsibilities.

EVENT ORGANISER’S RESPONSIBILITIES:

The Organiser shall be responsible for ensuring that:

1. All entry forms are correctly completed and signed.
2. All entrants hold a current VCC Membership Card or that of a kindred overseas motoring organisation.
3. All entrants have completed a VCC Safety Statement.
4. All vehicles must have a current VCC Vehicle Identity Card (“VIC”). **Note: When used in conjunction with a Motorsport NZ event, the VIC must be not have been issued more than 5 years previously.**
5. All vehicles must have a VCC Competition Log Book or MotorSport NZ COD or Log Book, or overseas equivalent.
6. All drivers must hold a current New Zealand Historic Racing Licence. Licenses issued to drivers with no previous track experience will be suffixed with a “P”. Organisers should take care to ensure these drivers are fully proficient with all the rules and associated activities relating to the VCC Speed Events.
7. A VCC Documentation Check Sheet is provided for recording purposes. At the completion of the event the VCC Documentation Check Sheet must be handed to the Steward in attendance.
8. All supplementary regulations and/or regulations required by the track or property owners are understood by the Clerk of Course and the Scrutineer(s).
9. If the event involves racing (i.e. 2 or more cars competing against each other on the same track at the same time) the track must be a MotorSport NZ approved facility.
10. Sufficient coloured stickers are supplied for “Passed Scrutineering” purposes.

CLERK OF THE COURSE RESPONSIBILITIES

The Clerk of the Course is to be appointed by the organising branch to follow the VCC of NZ rules as set out in the Club Manual.

If deemed appropriate due to complexity or event logistics, an Assistant Clerk of the Course may also be appointed.

The Clerk of the Course is NOT able to compete in the event.

Prior to the event

For joint events with MotorSport New Zealand Clubs, the Clerk of the Course is responsible for communication between the VCC and the MotorSport NZ Club.

The Clerk of the Course is responsible for ensuring an acceptable Event Safety Plan is drawn up. This is to include the location of flag marshals, spectator marshals and a list of emergency service contact numbers. The plan must be forwarded with the Event Permit Application.

During the event

The Clerk of the Course is to wear the Club issued identification at all times.

The Clerk of Course shall be responsible for ensuring that:

1. Sufficient competent scrutineers are available.
2. Sufficient experienced briefed flag marshals and spectator marshals are available and in place as per the Event Safety Plan.
3. Sufficient medical, fire and rescue services are available and in place as per the Event Safety Plan.
4. All appropriate documentation – including entry form, scrutineering form, VCC Vehicle Identity Card, VCC Competition Log Book and VCC Historic Racing Licence have been completed and checked for all drivers.
5. Sufficient two-way radios of a suitable quality are in place.
6. All competing vehicles on the start line or dummy grid have a valid “Passed Scrutineering” coloured sticker attached.

The Clerk of Course is to ensure a roll call is made immediately prior to a full briefing given to all drivers. Where a combined event takes place with a MotorSport NZ Club, then only one briefing is required for all competitors.

If a driver is not present at the roll call the Clerk of Course must ensure that a full briefing is given to the driver before they are able to take part in the event. All drivers must complete an official practice. No practice, no briefing, no drive!

Once this is done the Clerk of Course will invite the appointed Event Steward to check the course and give approval for the event to commence.

VCC EVENT STEWARD RESPONSIBILITIES

The Event Steward is NOT able to compete in the event.

The event organiser is responsible for providing an Event Steward for their event. This Steward will be approved by the National Speed Steward when a permit is applied for.

The VCC Event Steward shall ensure that:

1. They make themselves known to the Event Organiser and the Clerk of Course and in the event of a combined meeting, the MotorSport NZ Officiating Steward.
2. All regulations are observed and that all services listed in the Event Safety Plan are present and operational and conform to the venue safety standards as required by the VCC of NZ and MotorSport NZ.
3. If sickness or other prevents the appointed Event Steward from officiating, he/she has the power to appoint a substitute who is well versed in speed events and VCC Speed Regulations. The National Speed Steward must be informed by phone, prior to the event commencing.
4. In the case of a breach of these regulations, or if in the opinion of the VCC Event Steward there is a danger to drivers, marshals or spectators, the Steward may stop the event.
5. The appointed VCC Event Steward shall act as the Club Authority in the event of an accident and will take charge of the accident site and any investigation.
6. An investigation will take place in the event of any person suffering a serious injury with any likelihood of death or needing to be taken from the venue for medical attention. The National Speed Steward's procedure form for injury accidents (SSIAP:1) gives a guide to carrying out these investigations.
7. The VCC Event Steward will complete a report after the event and return it promptly to the National Speed Steward (report form SSRP:1 will be supplied to the Event Steward for this purpose). The SSRP:1 must be accompanied by the completed VCC Documentation Check Sheet.
8. The VCC Event Steward will be identified by an official VCC Licence, which will be renewed bi-annually. Identification will **must** be worn at all times.
9. The VCC Event Steward will at all times, exercise their authority with tact and discretion.
10. The VCC Event Steward has the power to appoint a safety officer to assist in all matters of safety and driver behaviour.
11. The VCC Event Steward has the power to revoke a Historic Racing Licence for the duration of an event.

SCRUTINEERING

1. The entrant, or driver on the day, shall complete a safety statement to show that they have checked the items listed thereon and that the entire vehicle and the safety equipment required comply with the rules of the VCC of NZ and are in a satisfactory and safe condition for the event in which they intend to compete. The entrant or driver on the day shall sign the safety statement to show that they accept full responsibility for the safe condition of their vehicle.
2. Notwithstanding the above and prior to practice commencing, the appointed Scrutineer shall carry out safety audits on randomly selected vehicles. **Any items that don't pass a safety check must be noted in the log book of that vehicle.** During documentation the Scrutineer will view all logbooks to assist him in his selection. He will check the logbook for accuracy and the date when the Vehicle was last audited. He will pay attention to any items noted as requiring repair. The Scrutineer will sign off the logbook at each event, recording attendance, venue and date. A full audit must be carried out and noted at every third event. An audit must also be carried out and noted if six months have passed since the last audit.

Any vehicle involved in an accident shall be re-scrutineered before taking any further part in an event.

3. All vehicles must be fitted with an ignition switch within reach of the driver. For vehicles not using an easily identified original equipment switch, the ignition switch is to be clearly marked with the words **"on"** and **"off"**. Electric fuel pumps must be connected so that they are inoperative with the ignition switch in the **"off"** position.
4. Throttle mechanisms, hand or foot, must be fitted with dual return spring(s) in such a manner, that if any part of the linkage between the driver's control(s) and the throttle plate should become detached, the throttle will return to the idle position.
5. Vehicle noise emissions must be environmentally acceptable and must not exceed 95 DBA.
6. Vehicles running on methanol fuel must be clearly labeled with a white ring around the fuel filler and the entrant must declare the use of such fuel on their entry form and Vehicle Safety Statement.
7. Fire extinguishers must be fitted and fully operational with current certification or be equipped with a gauge indicating condition, and must be firmly bolted to the vehicle by two bolts and panel washers and extinguishers must have a double strap.
8. Batteries must be securely clamped down so that they cannot fall out if the vehicle is overturned. Terminals should have suitable protection to avoid any risk of shorting.
9. Loose articles, e.g. toolboxes, fuel cans etc, must be removed from the vehicle before any competition commences.
10. Roll over protection and harnesses, where required, must be to the approved standards laid down by MotorSport New Zealand. Seat belts, where required, must be to current WoF standard. Belts must be securely attached to the vehicle and adequately support the driver in competition.
11. The VCC Competition Log Book must be presented and signed by the Scrutineer.
12. The Scrutineer must ensure that an initialed **"Passed Scrutineering"** coloured sticker is attached in a similar location on each vehicle.
13. For circuit events only, where possible without vehicle modification, all vehicles with crankcase breathers venting to atmosphere must be fitted with a suitable catch bottle to contain any escaping lubricant.
14. For circuit events only, where possible without vehicle modification, all vehicles cooling systems to be fitted with a suitable over-flow catch bottle.
15. Any vehicle which has sustained damage during an event **MUST** be presented to the Scrutineer for checking and approval to continue to participate in the event. The Log Book and Log Book Register (**23T**) to be noted accordingly.

FLAG MARSHALS

1. At each post where flag marshals are stationed there shall be at least one fully operational fire extinguisher with either a current date certificate or fitted with a gauge showing its condition. Also, at each post shall be the appropriate signaling flags or lights. A red flag to signal a driver to stop is the minimum requirement for events other than track racing events.
2. Where more than one vehicle is on the course at any given time there shall be two marshals at each post
3. Where more than one vehicle is on the course at any given time, there shall be sufficient marshalling points to command a view of the entire course and all marshals shall be in visual contact with the posts on either side of them.
4. Where only one vehicle is on the course at any given time there shall be sufficient marshalling positions to command a view of the entire course.
5. In all cases marshals at each marshaling position shall be in contact with the Clerk of the Course either visually or by two-way radio.

FLAG COLOURS AND USE

The principal flags used at motor racing tracks are as follows:

RED FLAG	During Practice:	The practice session has been suspended. All vehicles shall immediately reduce speed significantly and are to proceed to Pit Lane. Remain in single file, no overtaking and move to the inside of the circuit. Be prepared to stop if signaled.
	During Racing:	The race has been stopped. Proceed slowly with maximum caution to the Red Flag Control Line and await instructions. Be prepared to stop if signaled.
YELLOW FLAG At all times	Waved:	Slow down. Do not overtake. Be prepared to change direction or follow an unusual line. There is a hazard on the track.
	Double Waved:	Slow down. Do not overtake. The track is wholly or partially blocked. Be prepared to stop.
YELLOW FLAG WITH RED STRIPES	Waved:	Deterioration of adhesion imminent. (e.g. Oil on track ahead)
LIGHT BLUE FLAG	During Practice: Waved	A faster vehicle is about to overtake you. Give way urgently.
	During Racing: Waved	You are being lapped. Let the other vehicle through immediately.

Section 23: January 2024

GREEN FLAG	At all times:	All clear at end of danger area marked by yellow flag(s)
	Optional use:	Start warm up lap.
BLACK FLAG	Displayed together with your number:	You must stop at your pit within one lap.
ORANGE DISC ON BLACK FLAG		Warning of apparent mechanical failure or fire. The black flag, and orange disc on black flag, will only be used by the start – finish Flag Marshall. It will be used to stop an individual vehicle from racing. It will be used where there is a problem with a vehicle or the manner with which it is being raced. If you receive either of these flags, (your car number will be shown on a board), stop racing immediately. Proceed to your pit with caution. The Clerk of the course will contact you.
BLACK WITH WHITE CHEQUERED FLAG	At all times:	End of race or practice.
WHITE FLAG	Waved:	A much slower vehicle may seriously obstruct you.

LIGHTS	For exiting the pits:	Where lights are used during practice, drivers must stop if the red light is on and may proceed to join the circuit when the red is turned off and the green light is on. The red light signifies that it is unsafe to join the circuit as a vehicle is approaching the merge point between the pit exit lane and the circuit.
	For vehicles starting: a race from Pit lane	Drivers who are directed to start from pit lane will be held on the red light until the Clerk of the Course orders the red light to be extinguished and the green light turned on.

NOTE: In some instances, Clerk of the Course may use red and green flags to control vehicles exiting from the pit lane.

ESSENTIAL SERVICES

For all events held on a MotorSport NZ approved circuit all Essential Services must conform to the Circuit Safety Standard laid down by MotorSport NZ.

MEDICAL

At all times during the course of the event there shall be at least one vehicle, with a designated driver, reserved and suitable for transporting a minimum of two injured persons on stretchers to the nearest medical centre. In addition, there shall be a minimum of one qualified first aid officer, paramedic and/or doctor, suitably equipped, at the event at all times.

BREAKDOWN AND CRASH RECOVERY

A breakdown vehicle and/or crash truck **suitably equipped for righting an overturned car or to rescue a driver from a damaged vehicle** shall be on site with a designated driver in suitable protective clothing during the course of the event.

For circuit events a designated Fast Intervention Vehicle with a minimum of two crew in full fireproof protective clothing and equipped with fire extinguishers must be on standby with crew **IN THE VEHICLE** in the pit lane or a suitable position on the circuit at all times when competitors are on track.

COMMUNICATIONS

The above services must be in two-way radio contact with the Clerk of the Course at all times.

ELIGIBILITY

Please see the eligibility matrix below, and use it as a guide only, as more detail is specified in these regulations and they must prevail.

Please note the differences between the regulations for circuit events and non-circuit events (hill climbs, bent sprints etc.), particularly pertaining to tyres, safety equipment, and eligible vehicle age.

All vehicles as defined by the rules of the Vintage Car Club and accepted under those rules are eligible for speed events. For circuit racing the vintage vehicle class is defined as those constructed prior to 31st December 1965. Eligibility for events may be restricted to specific vehicle categories or types, at the organiser's discretion.

1. All vehicles accepted must be entered by a financial member of the Vintage Car Club of New Zealand. The driver on the day shall be a financial member of the Vintage Car Club of New Zealand or MotorSport NZ affiliated or an overseas kindred club.
2. A current VCC Vehicle Identity Card and VCC Competition Log Book must be presented for all vehicles entered. Note: **When used in conjunction with a Motorsport NZ event, the VIC must be not have been issued more than 5 years previously.**
3. A vehicle may not carry commercial advertising, except in the case of genuine historic racing vehicles, which may compete in their original livery. Signage, such as **"Austin Special"** or **period**, oil or sparking plug decals are not considered commercial and are at the discretion of the Organiser. Recognition of a major sponsor of an event or car by way of removable stickers on cars is acceptable but should be approved by the Organiser.
4. All production vehicles must retain full interior and exterior trim, except in the case of genuine historic racing vehicles, which may compete in their original racing configuration. Wheel trims and/or hubcaps to be removed prior to Scrutineering.
5. On all events, all Post 1960 open cars require a MotorSport NZ approved roll bar and safety harness. A dispensation can be granted for vehicles considered a Production Over Run. The appointed Event Speed Steward's decision will be final.
6. All drivers shall be required to show their current Club membership card and driving licence.
7. All drivers must attend a driver's briefing prior to competing. The briefing will cover starting, finishing and emergency procedures and the meaning and use of flags, and lights if used.
8. All drivers must take part in at least one official practice prior to competition commencing.
9. Any driver who is not present at the briefing or does not complete practice must personally contact the Clerk of Course.

VCC and NZTA if on public road sections.	VCC

TYRES

GENERAL

Tyre compound and construction must respect the specifications that were applicable to the period the vehicle represents. Chassis and suspension componentry were designed to accept the loads and forces induced by the tyres of any given period. To install a tyre of improved technology could impose loadings that exceed the chassis and suspension design parameters.

RACE TYRE FOR CIRCUIT RACING

Cars in period 1931 to 1971 must use Dunlop Vintage L or M section racing tyres which have 204 compounds only and tread pattern CR65 or earlier. Alternatively, Hoosier VFF Tyres models 44165, 44405 and 44408 may be used.

ROAD TYRE FOR CIRCUIT RACING

All cars may as an alternative to using period racing tyres use tyres suitable for legal road use (i.e. DOT approved road tyres having 2mm minimum tread depth across 75% of the width of the tyre and around the entire circumference of the tyre). Aspect ratio is restricted to 70% minimum and cannot be directional in any form.

ROAD TYRE FOR NON-CIRCUIT EVENTS SUCH AS HILLCLIMBS AND BENT SPRINTS

All cars may as an alternative to using period racing tyres use tyres suitable for legal road use (i.e. DOT approved road tyres having 2mm minimum tread depth across 75% of the width of the tyre and around the entire circumference of the tyre). Tyres should be of an appropriate aspect ratio and tread pattern for the period of the car.

THE TREAD PATTERN SHOULD BE IN KEEPING WITH THE PERIOD THE VEHICLE REPRESENTS.

Any road tyre used in a race or speed event **must** have a speed rating compatible with the capability of the car.

WHEELS

Wheels should be appropriate for the era of the vehicle and should be suited to the tyre width and profile.

FUEL STORAGE IN THE PITS

Competitors should only be storing a Maximum of 40 Litres of fuel in their pit areas.

All competitors must keep at least one 60B rated 4.5KG dry powder fire extinguisher in their pit area. (The extinguisher in the car does not count)

If refuelling/defueling is required, it will be carried out in the pit garage away from activities. Those involved in refueling/defueling should be wearing the appropriate PPE as good practice.

DRIVER'S EQUIPMENT

Drivers are reminded of the danger of wearing loose or inflammable clothing (most synthetics are highly inflammable).

Clothing Chart:

Chart (1) – Protective Clothing Types / Standards						
	Overall	Underwear	Socks	Shoes	Gloves	Balaclava
	One-piece garment worn as an outermost layer, designed with close fitting front, cuffs and ankles which entirely cover the wearer except for the head, hands and feet	Garments designed to be worn between the overall and the wearer's body entirely covering the wearer except for the head, hands and feet	One-piece close fitting garment covering at least to mid-calf	Garment that covers the whole foot and ankle	Garment that covers the whole hand and wrist	One-piece close fitting garment that covers the head and neck
A	FIA 8856-2000 ⁽¹⁾ FIA 8856-2018 ⁽²⁾	FIA 8856-2000 ⁽¹⁾ FIA 8856-2018 ⁽²⁾	FIA 8856-2000 ⁽¹⁾ FIA 8856-2018 ⁽²⁾	FIA 8856-2000 ⁽¹⁾ FIA 8856-2018 ⁽²⁾	FIA 8856-2000 ⁽¹⁾ FIA 8856-2018 ⁽²⁾	FIA 8856-2000 ⁽¹⁾ FIA 8856-2018 ⁽²⁾

For all permitted speed events level C (as above) is the minimum standard, although we recommend the use of level B for your own safety.

Crash helmets are compulsory for all speed events. Helmets are to be to NZ Standard NZ 5430 or equivalent standard. These include:

- Australia:** AS1698
- Britain:** BS6658-85 type A (blue label) Valid for 10 Year past manufacture.
- Snell Foundation:** Snell SA 2005 and later, M2005 and later, K2005 and later.
- Europe:** "E" mark. Homologation numbers 04,05,06,07 etc followed by the manufacturers production number. (The first two digits represent the year of the series amendments and will advance each calendar year). **Note:** the number within the

Section 23: January 2024

“E” mark circle is **not** the year of manufacture but is the approving country’s number and should not be confused with the homologation numbers which are beneath or after the “E” mark circle.

Motorcyclists shall be required to wear at least leather gloves and stout boots. Full leathers are strongly recommended.

All motorcyclists and drivers of open cars must wear safety goggles or a helmet visor.

GENERAL

1. No passengers shall be allowed in competing vehicles, except in motorcycle events where a side car passenger will be permitted. Where a vehicle has been originally designed in such a manner that a passenger is necessary for its safe operation, an application may be made to the Event Steward for an exemption. Such an exemption shall be entirely at the Event Steward’s discretion and will apply for that meeting only. The passenger shall be required to wear the appropriate safety apparel as specified in “Driver’s Equipment”
2. All vehicles must have current NZ Transport Agency (formally Land Transport NZ and previously LTSA) Registration and current Warrant of Fitness, except where trailered to events run on private venues or roads not open to the public for the duration of the event.
3. No alcohol is to be consumed by drivers or marshals during the event.
4. The organising committee reserves the right to refuse any entry without giving a reason and to cancel the event and, if necessary in the event of an emergency, to issue further supplementary regulations.
5. The appointed VCC Event Steward is the ultimate authority during the running of a speed event and his/her decision on all matters shall be final and absolute for drivers, marshals and the local organising committee.
6. A copy of these standard regulations must be available at all speed events organised by any branch.

DISPUTES

Vintage Car Club events are not intended to be highly competitive, therefore, disputes are not expected. If a dispute does arise this will be considered and ruled upon by the Event Steward and/or the Clerk of Course on the day of the event.

OWNER / ENTRANT VEHICLE SAFETY STATEMENT

EVENT:		DATE:	
ENTRANT/DRIVER:		ENTRY NO:	
MAKE & MODEL:		YEAR:	
VCC VIC ID NUMBER:			

PLEASE READ ALL OF THIS FORM BEFORE SIGNING

Entrants bear full responsibility for the safety of their vehicles. You are required as a condition of entry to check each item below and to indicate that it is of sufficiently sound condition and operation to be safe for use in the event in which it is intended to participate. You must then sign this form to indicate that you accept full and total responsibility for the vehicle condition and operation and that you fully indemnify the organisers from any claim arising from the operation of the vehicle or from the failure of any part of the vehicle.

The acceptance of or admission of any vehicle to any event shall in no way whatsoever indicate that the organisers consider the vehicle to be in a safe or satisfactory condition.

WHEELS: spokes, rims, studs, nuts, bearings, wheel trims removed	
TYRES: condition and eligibility see Section 23G of Club Manual	
SPRINGS: U/Bolts, suspension, axles, kingpins, shock absorbers etc	
STEERING: play, tight spots, ball joints etc	
BRAKES: operation, pedal travel, rods, cables, lines, hoses, fluid reservoirs, etc	
ENGINE: cover secure, throttle linkages and double return springs, oil leaks, fuel lines etc	
BODYWORK: security of seats, doors, fuel cap, rear vision etc	
ELECTRICAL: battery secure, accessibility of ignition switch & marking, lamps secure, taped or protected. All live terminals to be covered or insulated	
EXHAUST SYSTEM: secure and acceptable noise level	
GENERAL STANDARD of vehicle and accessories	
SAFETY HELMET and protecting clothing goggles or visor, gloves, footwear etc	
FIRE EXTINGUISHER must have either a pressure gauge showing an acceptable reading and within five years of date of manufacture, secured by two bolts and panel washers and extinguishers must have a double strap	
ROLL OVER PROTECTION: Roll over protection, if applicable, must be to approved standards	
SEAT BELTS: Seat belts, if applicable, must be to approved standards	
VEHICLE IS USING METHANOL FUEL	YES/NO
METHANOL fuel labelling clearly visible as per speed event regulations	YES/NO
CRANKCASE BREATHER: Crankcase breathers fitted with suitable catch bottle	
COOLING SYSTEM: Non-sealed cooling system fitted with overflow catch bottle. The use of non-water based coolant is strongly discouraged.	
TOW POINTS: Clearly marked front and rear of vehicle	

I declare that I have checked the above vehicle and it complies with the requirements of the Vintage Car Club of NZ Incorporated Speed Regulations and I accept responsibility for its overall safety:

**If your vehicle has a current Motorsport New Zealand Logbook, do not apply for a VCC Logbook.
The VCC recognises Motorsport New Zealand logbooks and cars must not have two logbooks**

SUGGESTED LETTER FOR:

OVERSEAS ENTRANTS TO VINTAGE CAR CLUB OF NEW ZEALAND INCORPORATED SPEED EVENTS

To enter a VCC of NZ speed event, the following documents will be required:

VCC OF NZ MEMBERSHIP

All entrants must be members of The Vintage Car Club of NZ Incorporated. The easiest way to join us is by completing our online membership application form via <https://members.vcc.co.nz/registration/>

VCC HISTORIC RACING LICENCE

All entrants will need to have a VCC Historic Racing Licence. These Licences are renewed every five years. Enclosed is the application form for completion and return.

VCC VEHICLE IDENTITY CARD

All competing vehicles must hold a VCC Vehicle Identity Card (VIC). Enclosed is a 5-page application form, and a page of vehicle classifications. As an overseas entrant your vehicle may have a FIVA Identity Card. This may be acceptable if it is valid and meets VCC NZ rules. Please forward a copy attached to your entry form for the Club Registrar's approval. For an overseas entrant only, a Date of Manufacture and Authenticity Statement will be accepted for a speed event if a full VIC cannot be completed in time.

Either the VIC or the Date of Manufacture and Authenticity Statement may be of assistance to you in bringing your vehicle into NZ as both define the vehicle as being acceptable to the VCC of NZ. Additional detailed photographs may help expedite your application.

The Vintage Car Club of New Zealand Incorporated is recognised as the Historic Vehicle Authority of New Zealand.

VCC COMPETITION LOG BOOK

A VCC Competition Log Book is not required for overseas entrants who are using an overseas vehicle.

ENCLOSURES:

1. VCC of NZ Historic Racing Licence Application Form
2. VCC of NZ Speed Regulations
3. VCC of NZ Vehicle Identity Card Application form (the same form is used for the Date of Manufacture and Authenticity Statement)

**AGREEMENT BETWEEN
MOTORSPORT NEW ZEALAND INCORPORATED
AND
THE VINTAGE CAR CLUB OF NEW ZEALAND INCORPORATED
APPENDIX ONE**

Further to the agreement signed on 3 May 2002 and 26 May 2011 between the 2 parties. It is agreed by MotorSport New Zealand and The Vintage Car Club of New Zealand that the follow terms are representative of the working terms of the relationship between the 2 parties.

Affiliation Fee

It is agreed that The Vintage Car Club of New Zealand will pay MotorSport New Zealand an affiliation fee of \$1,000.00 +GST p.a.

COD/VIC

Both parties recognise each other's documentation.

Logbooks

Both parties recognise each other's logbooks. Vehicles will be required to have one logbook only. That logbook will be that of the organisation from which the competitor holds a competition licence.

Licences

Where a race is Vintage Car Club of New Zealand organised, a VCC or MotorSport New Zealand licence will be recognised. When a race is MotorSport New Zealand organised and a Vintage Car Club of New Zealand competitor wishes to compete, that competitor will have access to a MotorSport New Zealand day licence at the appropriate fee.

At all times, a Vintage Car Club of New Zealand licence must be accompanied by a VIC and a Vintage Car Club of New Zealand Membership card, while a MotorSport New Zealand licence must be accompanied by a MotorSport New Zealand COD and MotorSport New Zealand affiliated club membership.

Permit

To allow members from Vintage Car Club of New Zealand and MotorSport New Zealand to compete in each other's event it was agreed that when permits for events were issued the respective offices will be advised.

Officials

Vintage Car Club of New Zealand organised races or events within MotorSport New Zealand permitted meetings will be run by VCC Officials. MotorSport New Zealand Officials will be responsible for the running of MotorSport New Zealand race.

Vintage Racing Vehicles

As defined in the International Sporting Code (FIA) and the National Sporting Code of MotorSport New Zealand, vintage racing vehicles are those constructed prior to 31 December 1965. Recognition to be given to production over runs.

For cars which sit outside this criteria, recommendations will be made by the Vintage Car Club of New Zealand and MotorSport New Zealand Clerks of the Course to the Vintage Car Club of New Zealand National Speed Steward and MotorSport New Zealand Historic Commission Chairman at the close of entries as to whether or not these cars would be permitted to run in a Vintage Car Club of New Zealand race at the meeting.

The decision which will be made within 24 hours of close of entries will be based on safety and speed differentials and will be made on a meeting by meeting basis.

Review Meetings

The agreement between MotorSport New Zealand and Vintage Car Club of New Zealand will be reviewed at a meeting of the two organisations annually in April.

Signed on the 23^h October 2020

Elton Goonan
Acting CEO
MotorSport New Zealand Inc

Diane Quarrie
President
Vintage Car Club of NZ (Inc.)

INCIDENT PROCEDURE

1. Has the incident caused any injury to driver, marshals or spectators?
Yes – go to step 2
No – go to step 3
 2. Ensure on-site medical team are attending. If required call 111 for appropriate ambulance/fire brigade assistance. Contact National Speed Steward to advise of situation. National Speed Steward to contact National President and advise of situation.
 3. Get driver checked by on-site medical team and have medical form completed with sign-off for driver to continue competing if deemed safe to do so. If competing vehicle has sustained damage, it is to be checked by the event scrutineer to ensure it is safe to continue before being permitted to continue in the event.
 4. Has the incident resulted in a fatality or serious injury which may result in a fatality?

Yes – go to step 5
No – go to step 8
 5. Contact police.
Get all drivers (if a circuit race), marshals and any other witnesses to give a written statement of what, if anything, they saw, with a contact telephone no. and email address. This to be handed to police and request copies sent to VCC National Speed Steward by email to speedsteward@vcc.org.nz
- Should any competing vehicle have a camera fitted which has filmed the event, remove memory card and if possible, upload a copy of the recording to a laptop. This footage is ONLY to be shown to police, circuit owner/manager and VCC National Speed Steward.
- If anyone has filmed it on a cell phone, if possible, upload a copy of the recording as above, and delete the original.
6. Photograph the scene, paying attention to any marks on the road/track surface which may show the trajectory of the vehicle. If any other vehicle involved, check and record any damage on this vehicle and take a detailed statement from the driver/s involved.
 7. If contacted by news media, make no comment at all (and they can be very insistent) and refer them to the National Speed Steward or National President. Ensure that all VCC entrants and officials are also told not to make any comment to media, and again to refer to the National Speed Steward or National President. It is essential to make sure that no footage of the incident ends up in the hands of the media.
 8. Ensure VCC Medical report form and accident report form are completed and returned to the National Office.
 9. If incident was caused by poor or negligent driving, discuss with the Clerk of Course if any entrant should be removed from the event and/or have their VCC Competition Licence revoked.

If at any time you are unsure of the correct action to take, contact the National Speed Steward who will work with you, and support any decisions you have had to make as the person representing the VCC National Body at the event.

ACCIDENT REPORT FORM

This form is to be completed by the investigators of the accident such as the event organisers/Clerk of the Course, as soon as an accident has occurred.

Attached to this form should also be a **copy of the Event Steward's report** and **any relevant photos or documentation** if available.

If there were any injuries sustained and/or the competitor stood down from competition, a copy of the **on-site medical assessment form** and **clearance to compete form** (if applicable) must also be attached and forwarded immediately to National Speed Steward speedsteward@vcc.org.nz

ON-SITE MEDICAL ASSESSEMENT

This form is designed to record at the initial assessment the extent of the injuries to any person at an event and if an injured competitor is fit to continue competition. It is to be completed by the **event medic** (paramedic, advanced paramedic, or medical officer) on site when an accident has occurred. If the injured person is non-compliant during medical exam, it must be reported to the clerk of the course.

In cases of emergency, this on-site medical assessment form can be completed retrospectively by the appropriate medic.

A copy of this form must be given to the injured person and clerk of the course, with a copy forwarded immediately to the National Speed Steward speedsteward@vcc.org.nz

Has the involved person -	
Been involved in an accident-causing injury?	Y / N
Been involved in a high impact accident?	Y / N
Been involved in a roll over accident?	Y / N
Been involved in another accident of concern?	Y / N

- If the answer to any of the above is YES, complete the rest of the form.

- If the answer to ALL of the above is NO, a competitor is free to return to competition and further examination is not required – *please complete declaration (section 7)*

If Accident Report has not been completed for this situation, please note below what happened:

12. Examination

A) Head injury

- GCS Y / N
- Headache Y / N
- Nausea and/or vomiting Y / N
- Feeling 'hazy, groggy or foggy' Y / N
- Difficulty concentrating Y / N
- Difficulty remembering things Y / N
- Difficulty with balance Y / N
- Feeling 'not right, or tired' Y / N
- Disorientation or reduced attention Y / N

B) Neck injury

- significant pain Y / N
- loss of movement in neck Y / N

C) Back injury

- significant pain Y / N
- loss of movement in back Y / N

D) Chest injury

- significant pain limiting mobility and/or respiration Y / N
- significant chest wall bruising Y / N

E) Abdominal injury

- significant pain and tenderness in abdomen Y / N

F) Limb injury

- fracture or significant limb derangement Y / N
- large hemarthrosis Y / N
- soft tissue injury resulting in loss of function to the affect limb likely to affect driving Y / N

G) Eye injury

- resulting in reduction in visual acuity in affected eye below 6/9 Y / N

H) Any other significant injury as determined by the examining medic Y / N

I) Need for hospital examination? Y / N

If yes, name hospital to be transferred to:

.....

Medic - use the diagram to show full extent of injuries using codes in box below:

A	Abrasion	H	Haemorrhage
B	Burns	I	IV site
C	Contusion	L	Laceration
D	Dislocation	P	Pain
F	Fracture	S	Swelling

13. Notes to Medic

If the answer to ALL questions in section 4 is NO – competitor is free to continue competition.

If the answer to ANY question in section 4 is YES – competitor is stood down from further competition and must have a registered medical practitioner complete and sign the *clearance to compete* form. A paramedic or advanced paramedic **cannot** complete this form.

14. Notes to Competitor

If the answer to ANY question in section 4 is YES, the competitor **MUST** surrender their competition licence to the Clerk of Course and they are stood down from further competition. A registered medical practitioner must complete and sign the *Medical Clearance to Compete* form before competitor can have their licence returned and can resume competition.

If the competitor is non-compliant during the medical exam, it must be reported to the Clerk of the Course.

15. Summary and Declaration

Competitor is stood down from competition?

Yes / No / For rest of event only.

If the answer to the above is YES please ensure their competition licence is handed to the Event Steward to be returned to National Speed Steward with this form.

MEDICAL CLEARANCE TO COMPETE

This form is designed to determine after the initial assessment if an injured competitor is fit to resume competition. It is to be completed by **only by a registered medical practitioner**. The Clerk of the Course will continue to hold the competition licence if competitor is unfit to resume competition otherwise licence will be returned upon presentation of this signed form which needs to be forwarded immediately to the National Speed Steward speedsteward@vcc.org.nz

1. Details of Injured Person	2. Details of Practitioner
Date:	Name:
Name of competitor:	MCNZ Number:
Historic Race Licence No:	Job title: <i>ie: sport medicine specialist, orthopaedic specialist</i>
Address:	
	Examination location: <i>ie: address of hospital, private practice</i>
3. Non Accident Stand Down	
<p>This form is designed to determine after the initial assessment if an injured competitor is fit to resume competition. If the competitor has been stood down for a reason other than an injury accident the competitor should contact the National Speed Steward directly for advice on what is required for a medical clearance to compete.</p>	
4. Note to Practitioner	
<p>Dear Practitioner</p> <ul style="list-style-type: none"> The Vintage Car Club speed event competitor listed above has been stood down from further speed event competition as the result of a competition accident The competitor should have a copy of the initial examination form (<i>On site medical assessment form</i>) which describes the circumstances of the accident and injuries sustained so please take note of the details listed on it You are requested to examine the competitor and arrange appropriate radiological and/ or other investigations or specialist assessments as required to determine whether these injuries have been resolved and to determine the competitor's fitness to return to competition 	
5. Prior to Assessment	
<p>Before examining the competitor, please read the notes below –</p> <ol style="list-style-type: none"> This form can ONLY be completed by a registered medical practitioner If the Vintage Car Club speed event medical officer is a registered medical practitioner then that medical officer may complete the required examination and sign this form The competitor must have their copy of the 'On site medical assessment' form which identifies the initial injury / injuries as well as this blank form with them at the time of examination The examining practitioner must fully examine the competitor, complete and sign this form The level of medical fitness required for motor sport is <i>at least</i> equivalent to the NZTA requirements for class 2 and above licenses All costs involved in this examination are at the competitor's expense 	

6. Examination Guidelines for Practitioner to Consider

The competitor should be considered fit to compete under the following circumstances:

1. Head injury

- Minor without LOC – after a 3 hour stand down and after medical assessment
- Minor with LOC - after 24 hours and after medical assessment

For the following, the competitor must pass a full neurological assessment and occupational therapy driving assessment

- Moderate head injury (GCS 9-12)
- Major Head injury (GCS <9, fracture of skull, intracerebral hemorrhage, dural tear, or greater than 24 hours post trauma amnesia)

2. Neck & Back injury

- on exclusion of major trauma (medical assessment +/- radiology) *and*
- once competitor has regained function in spine sufficient for competitive driving.

3. Chest and Abdominal injury

- on exclusion of major trauma (medical assessment +/- radiology) and
- once competitor has regained function sufficient for competitive driving

4. Limb injury

- on exclusion of major trauma (medical assessment +/- radiology) and
- once competitor has regained sufficient function for competition car control

5. Eye injury

- once vision has returned to better than 6/9 (with correction) in the affected eye
- with field of view over 140d and normal stereoscopic vision.

6. Other injury as appropriate

7. Diagram of Injuries

If injuries still exist, use the diagram to show full extent of ongoing injuries using codes in box below:

A	Abrasion	H	Haemorrhage
B	Burns	I	IV site
C	Contusion	L	Laceration
D	Dislocation	P	Pain
F	Fracture	S	Swelling

8. Initial Injury Sustained

Give a brief outline/ summary on the medical condition for which the competitor was stood down from competition:

9. If Not Fit to Continue Competition

If competitor is still not considered fit for competition –
Give a brief outline/ summary of reason why competitor is still considered unfit:

Advise of approximate date for review of injuries:

10. SUMMARY and DECLARATION

Examining practitioner: is the competitor fit to resume competition? Yes / No

If yes, the competitor may collect their competition licence from the relevant Clerk of the Course or Event Steward (as applicable) upon presentation of this signed form and resume competition immediately

I hereby declare that the above information is true and correct
